

AG250-003

Tap-a-Flow® Hot/Cold Water Electrical Valve

Features:

- Precise hands-free control of the water flow
- Hot/cold water control
- Electrically activated with a battery
- Easy to install with few tools

General Description:

The AG250-003 Tap-A-Flow dual hot/cold water electrical water valve provides hands-free faucet operation in combination with AG250-403, AG250-503 and AG250-603 stand-alone sink pedals, and is included in AG250-801, AG250-802 and AG250-803 installation kits.

To install Tap-A-Flow water valve with the sink pedal, drill a few holes, route control cable, and mount the valve in-line with hot and cold water.

Mechanical Specifications:

- Width: 6-1/8 inches
