

AG250-803

Hands-Free, Stand-Alone Sink Pedal for Bathrooms, BBQ Sinks, Stainless Steel, Battery Powered Valve

Features:

- Precise hands-free control of the water flow with constant flow lock
- Hygienic operation reduces cross-contamination
- Easy to install with few tools, stand-alone design
- Controls both hot and cold water
- Set of three AA batteries operate sink pedal for five years

General Description:

The AG250-803 Tap-A-Flow® hands-free sink pedal is ideal for bathrooms, medical offices, and public washrooms. Hands-free operation keeps your faucets clean and reduces cross contamination when touching them. Using the sink pedal significantly reduces water usage and provides precise control of the water flow.

The AG250-803 is ideal for an active family with day-to-day faucet usage. Once installed in a restroom, many users do not want to switch back to hand-adjustable faucets. The convenience of hands-free operation makes the sink pedal an essential accessory to any restroom installation. Pressing on the center of the pedal starts water flow, releasing the pedal stops the water flow. The AG250-803 is a stand-alone model which is useful for pedestal type sinks, hanging cabinet sinks or BBQ outdoor sinks.

The Tap-A-Flow sink pedal comes with everything included to assure a quick and straightforward installation. The battery-powered valve rating is for over 5 million operations on three AA batteries, which represents five years of continuous usage. To install Tap-A-Flow, drill a few holes, route control cable, and mount the valve in line with hot and cold water.

Mechanical Specifications:

- Width: 5 inches
- Length: 2.5 inches
- Height: 1-1/2 inches

Electrical Valve Specifications:

- Valve Rating: 1,000,000 operations
- Battery Life: 5,000,000 ON/OFF cycles

Control Cable Length:

- 6 feet

Material

- Pedal Rating: 5,000,000 operations
- Valve Body: Stainless Steel
- Valve Control: Silicone Membrane

Accessories (included):

- Control pedal
- Hot/Cold electrical water valve with mounting hardware
- Battery 4XAA
- 2 pcs. 30-inch supply hoses

Warranty

3 years
