

ET117-009

Water Filter Air Gap with 1/4-inch Quick Connect for Installation on a 1-1/2-inch Standpipe with ABS Adapters

Features:

- Provides easy connection to 1-1/2-inch standpipe drain
- Splash guard assures completely dry operation
- Recommended flow rate up to 7 gallons/minute
- Quick connect push-in inlet connector
- Legal to install in any state, UPC® Listed, IPC® and NSF® tested

General Description:

The ET117-009 universal water filter air gap is designed to provide a convenient way to install an air gap into 1-1/2-inch standpipe drain. This air gap can be connected to a water filtration system using 1/4-inch flex tubing. The unique design provides a completely protected air gap without any possibility of water splashing out. The inlet accommodates flex tubing for a leak-proof installation in tight spaces. The right-angle inlet provides a convenient way of connecting discharge water tubing to a drain line through air gap.

The ET117-009 air gap is easy to use and legal to install in any state. The ET117-009 air gap is listed by UPC (Uniform Plumbing code) and tested for compliance with IPC (International Plumbing Code) and NSF standards.

Mechanical Specifications:

- Width: 2 inches
- Height: 4 inches

Inlet/Outlet Specifications:

- Inlet: 1/4-inch push-in
- Outlet: 1-1/2 inches

Accessories (included):

- 1-1/2-inch ABS hub to male pipe thread trap adapter
- 1-1/2-inch ABS spigot to male pipe thread trap adapter
- 1-1/2-inch ABS slip joint wing nut
- 1-1/2-inch O-ring
- 1-1/2-inch slip joint beveled washer

Material

- Body: Glass white polypropylene

Approvals

- UPC: Listed
- IPC: Tested by independent lab
- NSF: Tested by independent lab
